

Power to Kids mobilisation support

An affordable 3-day package to ensure sustainability

Designing your implementation

Focusing on your implementation strategy, measurement and the link between policies and practices.

Engaging the system

Provision of a best practice case study and collaborating with your service to map exit strategies and referral options.

Champions and leaders (train the trainer)

Building the capabilities of your leaders to:

- Embed trauma-informed and reflective practice
- Implement the CARE and TALK models and sexual safety planning
- Enhance the skills of your residential carers around the Power to Kids 10 topics.

Cultural capabilities

Training specific to issues of sexuality and identity including the use of psycho-ed activities.

Tailored packages

Options can be tailored to your services specific needs. Packages will draw on evidence-based coaching models, with a focus on building your service's capabilities. Are there opportunities we've missed? Please contact us.
